Harris and Squire

Twoed later,—as a result of the Ministry at St. Petersburg's decision to prohibit the export of skins and furs during the war, the market was not so active as it had been, and both shippers and travellers had very considerable stocks on their hands at the end of the month. There had been, however, while disruptions could have been obtained at a high price of 1 to 1 1/2 pence per pound, where no slight weight was asked to arrive by early in next. It was hoped at the end of the month that there would be sufficient supply available to lift the price to 1 7/8 pence per pound for March, which would mean a 10 per cent advance.

Toward post-plant materials of treated post were very short as farmers had cut down their capacity to a very large extent. Prices subsequent to

marked shrunken, though in the case of light weights, there were a glaze drover as the result of a fall demand from the U.S.A.

Trained sleep alone.—through trained sleep alone declared a strike in power, this was not appropriate, the lack of demand being followed by a massive survey by the coming down of nothing for certain purposes. Unlike past times, there was previously no demand for trained sleep from the United States.

few ideas.—How ideas were difficult to obtain. The majority of the subjects went to the United States. I have advanced a little because others advanced from working office and lawyers were abundant in almost every. The contrast in the north of the Province were unimpaired by Eastern luxury, who apparently were not looking as much difficulty in obtaining space as reporters in Mexico. It is hoped that the position will improve in April when it is expected that a chartered vessel will take guests to the new island destined for the U. S. A.

Madras Elementary Education (Amendment) Bill, 1941 11

The following Bill, together with the Statement of Objects and Reasons, is published for the purpose of eliciting opinion. Notice is hereby given that the said Bill will be considered on or after the 9th May 1941 and that any objection or suggestion which may be received with respect thereto before the said date by the Secretary to the Government of Madras in the Education and Public Health Department, will be considered.

A Bill further to amend the Madras Elementary Education Act, 1920.

Madras Act
VIII of 1941

WHEREAS it is expedient further to amend the Madras Elementary Education Act, 1920, for the purpose hereinafter appearing;

19 G.O. 4,
25-1.

AND WHEREAS the Governor of Madras has, by a Proclamation under section 93 of the Government of India Act, 1935, assumed to himself all powers vested by or under the said Act in the Provincial Legislature; NOW, THEREFORE, in exercise of the powers so assumed to himself, the Governor is pleased to enact as follows:—

1. This Act may be called the Madras Elementary Education (Amendment) Act, 1941.

17-41 [11]

Amendment
of section 26,
Madras Act
VIII of 1920.

2. In sub-sections (1) and (2) of section 24 of the Madras Elementary Education Act, 1920 (hereinafter referred to as the said Act), for the words "taxes not exceeding twenty-five per centum", the words "taxes at such percentages as may be considered suitable" shall be substituted.

Amendment
of section
26, Madras
Act VIII of
1920.

3. In section 35 of the said Act—

(i) in sub-section (1), the words "subject to the maxima specified in that section" shall be omitted;

(ii) to the same sub-section, the following proviso shall be added at the end, namely:—

"Provided that such rates shall, in the case of any tax levied as an addition to the taxation under the head of tax on companies or of profession tax, be subject to the limits specified in any law for the time being in force governing the local authority or prescribed by rules made under this Act;" and

(iii) in sub-section (2), for the word "maxima", the word "proviso" shall be substituted.

Amendment
of section
21, Madras
Act VIII of
1920.

4. In section 37 of the said Act, after the proviso, the following further proviso shall be added, namely:—

"Provided further that nothing contained in this section shall be deemed to impose upon the Provincial Government any obligation to contribute to the elementary education fund of any local authority a sum exceeding the proceeds of the taxation, if any, which was being levied in the area of such local authority under section 24 immediately before the commencement of the Madras Elementary Education (Amendment) Act, 1941."

STATEMENT OF OBJECTS AND REASONS.

Under section 24 of the Madras Elementary Education Act, 1920, a municipality or a District board may levy certain education taxes, and under section 37 of the Act Governments are bound to contribute a sum not less than the proceeds of the taxation levied under section 24. The imposition of the tax under section 24 requires, however, the previous sanction

of Government, and Government have on a number of occasions been obliged to withdraw their sanction because the imposition of the tax by a local body would involve Government in a corresponding payment which at the time it did not feel justified in providing. Government are at present considering Rs. 25-00 grants on account of such education taxes in addition to subsidies of over Rs. 65 lakhs which are paid to local bodies for elementary education.

Some local bodies have asked for permission to impose an education tax on condition that Government would not be required to make their equivalent contribution under section 37. Government are advised that under the existing law such an arrangement would not be valid, and have therefore been obliged to refuse such applications. It is proposed now to amend section 37, so as to free Government from the obligation to make the contribution in respect of taxation which may be sanctioned hereafter. It is not intended that Government should, as a rule, refuse such contributions; the intention is merely to permit local bodies, which desire to do so, to impose an education tax, although they cannot receive the equivalent Government contribution.

Under section 34 certain maximum rates of taxes have been prescribed. Some local bodies have already imposed taxes up to this maximum and may yet dare to impose further taxation for elementary education. Government consider that there should be no statutory limit to the rate of tax, although the imposition of additional taxation should continue to require Government sanction. An amendment is proposed in order to provide for this also. It is however necessary to restrict the rates of the education tax levied as a surcharge on the tax on companies or profession tax within the limits imposed by section 143-A of the Government of India Act, 1935. It is proposed to impose these restrictions in so far as they are not contained in the Act governing the local authority by means of rules made under the Elementary Education Act.
